At American Legion Boys State, participants are exposed to the rights and privileges, the duties and the responsibilities of a franchised citizen. The training is objective and practical with city, county and state governments operated by the students elected to the various offices. Activities include legislative sessions, court proceedings, law enforcement presentations, training in various topics, assemblies, journalism and recreational programs.

High school juniors are selected by local American Legion Posts to attend the program. Selection can be made as well by the Executive Director, especially for students in areas under represented by American Legion Posts. In most cases, expenses associated with attending this program are paid by a sponsoring American Legion Post, a local business or another community-based organization. Parents are allowed to donate the fees for their child to attend the program.
